

ORGANISED by: CeSi

Right-wing Extremism (RWE): take the chance to broaden your knowledge on narratives, target audience, and recruitment tactics of RWE and get trained on how to improve strategic communication skills to counter RWE narratives.

Language: 

2nd WORKSHOP

ORGANISED by: CII with the participation of SAVE BELGIUM

Islamist extremism (IE): join the discussion about narratives, target audience, and recruitment tactics of IE and get trained on positive education approaches with youth to prevent IE to gain a foothold in society.

Language:

ORGANISED by: UNIVERSITA' di TORINO - Dpt Management and Zanasi & Partners

Single issue extremism (Environmental Extremism): climate change and the health of our planet concern us all. Nonetheless, some groups exploit these concerns to recruit youth for violent extremism. Join the workshop to receive some insights about such groups and get trained on how to improve your networking skills to implement counter-narrative efforts against violent extremism.

Language: 

ORGANISED by: EFD with the participation of ESI

Left-wing extremism (LWE): take advantage of learning more about a poorly investigated topic like LWE and get trained on how to analyse extremist narratives online, through a supporting tool provided by “Expert System Iberia (ESI)”.

Language:

ORGANISED by: [SAVE BELGIUM](#) with the participation of [CII](#)

Building Resilience to Politico-Religious Extremism: an interactive and practical approach in addition to theoretical frameworks; case studies and shared experiences from front-line professionals to help recognize signs displayed by individuals at risk of radicalisation and ways forward to build resilience.

Language:

ORGANISED by: EFD in cooperation with the **Cicero Consortium's partners**

A follow-up workshop: taking into account the main findings and lessons learnt in all five Train the trainers' workshops. All involved partners will share insights and recommendations on how to build resilience against extremist propaganda and how to prevent different types of violent extremism: Right-Wing Extremism, Islamist Extremism, Environmental Extremism, and Left-Wing Extremism.
